GMLGC Members:

Club News:

- **Range Flood Preparedness** - 2023 has started off with the range being flooded twice already and another time this coming weekend. We want to thank the club members that are able to help move range equipment out of the flood waters, and those that help us clean up after the waters recede. Lots of help makes the job so much easier. If you do assist, this will count as a work day towards your membership requirements. If you want to make sure that you receive credit, make sure Brad Dickinson has your name and the date you assisted. If you go out and work when no one else is there, just let Brad know when and what you did to receive credit.

- [March Rendezvous Match Results](#) -

We had a cold and windy day for our Rendezvous but we had an excellent turnout with 22 shooters, 3 visitors, 2 of which have applied to join the club, with approximately 29 people attending. **Mike Briscoe won the overall match with a score of 77.** He also participated in the Missouri Offhand Association match, so he is off to a great start for the season.

Congratulations!
